SANIBEL PUBLIC LIBRARY

Celebrating Your Library Reimagined

Building with LEGOs in the Think Tank

SANIBEL PUBLIC LIBRARY CELEBRATED THE SUCCESSFUL completion of the “reimagined” renovation project with a ribbon cutting ceremony in March. At the ribbon-cutting, Tom Krekel, Board of Commissioners Vice President, traced the history of the facility, and said there have been no significant infrastructure improvements since the construction in 1992, so “it was about time” to update HVAC, fire suppression, electrical and data cable. “Since we were doing all that, we decided to do visual enhancements,” he said.

Sanibel Public Library District Board Commissioner Melanie Congress talked about how the colors and textures are reflective of our island environment. Congress added, “I urge you to notice these things and as you take a closer look, try to envision the shoreline as it reaches the sands and shells. Take a seat and look out at the views from one of our new living rooms. Grab a book or device and hook up to the latest ultra-fast WiFi, or use one of the new Study Rooms. Enjoy your newly-reimagined Library.”

Dan Moeder, Treasurer of the District Board, said, “The good news is we had the reserves, the Foundation helped us, and so did you—with your donations, which was important. The project was $5.9 million, we are on budget.” Moeder said the Library must again build up reserves, “so we added a little bit to the millage rate, just to make sure the next generation of Commissioners in 15 or 20 years will have the money to do the next iteration. We hope you enjoy it, it’s been paid for.”

The Library’s new look has been receiving a lot of positive feedback. “People are astonished when they first see it,” says Wendy Lambris, who works at the Library’s service desks. “They love the way it looks, and most don’t believe us when we say the building itself was not expanded.” The lower bookshelving not only provides a more open line of sight, it also makes more books easier to reach.

**Five Star Library**

Another major achievement in 2018 was the Library’s designation as a Five Star Library, one of 291 Star Libraries in the nation, out of the 7,500 evaluated. Sanibel Public Library was the only Five Star in Florida, and one of only three in Florida who earned Star designation. This is an objective ranking based on overall circulation, circulation of electronic materials, library visits, program attendance and public internet computer use. With more than 140,000 visits per year and usage rates that consistently rank it at or near the top of all libraries in the state of Florida, locals and visitors alike treasure the Library as a vital community asset.

- **Places to Gather**
  
  Margaret Mohundro, the Library’s Executive Director, is very excited to welcome patrons into the new space, which includes collaborative workspaces, a think-tank area, and updated youth areas. “We’ve added more seating near the windows as people requested, and more than 40 new floor-to-ceiling windows were installed. The expanded screened-in Reading Porch has been especially popular,” she adds. Also, in response to input from eco-minded islanders, the renovation was designed with features that are energy-efficient and cost-effective, with non-toxic paint, flooring, and fabrics.

- **Improvements are ongoing, and adjustments to the space will be made as need arises.** “The flexible space designed for the Author Series events allows 250 people to browse the collection, hear the author speak, and then enjoy refreshments,” says Duane Shaffer, who helps plan the Library’s popular Series. In addition to modular meeting space, two new study rooms; and two computer labs with high speed internet have been added. There is a new Archives Room with digitization capabilities for easier scanning of photos. The facility will continue to evolve as need arises. “The flexible space designed for the Author Series events allows 250 people to browse the collection, hear the author speak, and then enjoy refreshments,” says Duane Shaffer, who helps plan the Library’s popular Series.

- **Jared Rook**
  
  Jared Rook started working in the Library’s Computer Lab in January, helping patrons access the internet and use other technology services. His work experience is primarily in the technology field, as both a System Administrator and a Network Security Consultant.

- **Ian Wainwright**
  
  One of the friendly faces at the service desks is Ian Wainwright, who has worked at the Library since December of 2016. Ian likes to read all kinds of fiction, his favorites include Lacuna by Kingsolver, Lonesome Dove by McCrory, Prince of Tides and Beach Music by Conroy.

  **Jared Rook**

  Jared Rook started working in the Library’s Computer Lab in January, helping patrons access the internet and use other technology services. His work experience is primarily in the technology field, as both a System Administrator and a Network Security Consultant.

  Jared recommends using Overdrive Libby to download audiobooks, with the added bonus that it gives your eyes a rest. His favorite fiction is Stephen King’s, especially the Dark Tower series. “It is a Western, Sci-Fi, Romance, with some elements of horror woven neatly in,” he adds, “I also like to read history books. I have lived here less than a year, and thus my current interests are Florida and Sanibel.” Jared grew up in Kansas, and lived most of his life in Colorado. He and his wife Darcy have two children.

  For nonfiction, Ian says, “I like cookbooks, books about food and culture, field guides, biography, narrative American history, and others. Favorites include Str-Frying in the Sky’s Edge by Young, Butternick. Graffiti by Lee, Truman by McCullough. Undaunted Courage by Ambrose, and Professional Baking by Gisslers.”

  Ian grew up in Durham, NC and has lived on Sanibel since 2006. He adds, “My wife, Amy, is a realtor on the island. We have two small mixed breed dogs, Kernel and Nugget.” His hobbies include fishing, cooking, reading, golf, and watching all kinds of sports on TV.

  Ian attended two years of Liberal Arts College at Bard College, studied at the New England Culinary Institute, and he also has an RV Tech certificate.

  Ian loves to talk to patrons about digital books and audiobooks, and cookbooks. He recommends borrowing cultural passes, especially if you have guests.

SUMMER READING PROGRAM

Join us as we blast off into “A Universe of Stories” for the 2019 Summer Reading Program! The SRP Kick-Off Party takes place on Saturday, May 25 from 10 a.m. to 12:30 p.m. All children, from babies-to-teen, can register.

As in years past, kids can read to earn books for their home library and for patients at Golisano Children’s Hospital of Southwest Florida. The Sanibel Public Library Foundation matches each book “earned” with a book for patients at the Children’s Hospital. Last year, 1,202 books were “earned” by readers for the Hospital. Since its inception in 2012, participants have helped to contribute more than 8,000 books to the hospital. The Library’s Summer Reading Program is funded in part by a grant from the Sanibel Public Library Foundation’s Joan Hunt Cory Children’s Fund. The Joan Hunt Cory Children’s Fund is established in 2008 to contribute more than 8,000 books to the Hospital of Southwest Florida. The Joan Hunt Cory Children’s Fund is established in 2008 to contribute more than 8,000 books to the Hospital of Southwest Florida.

Instead of paper logs for tracking reading and activities, the Library offers Beanstack, an online platform to record these tasks. Beanstack also offers personalized book recommendations and specific tools for learning. Signing up can be done from a smart phone or other device. Beanstack offers a free, user-friendly app for Apple and Android devices. Library staff will be happy to assist.

If families cannot attend the Kickoff, they can still register in person at the SPL, or online via the link on our Children’s page on sanlib.org.

Starting Wednesday, June 3, the Library will host weekly fun and educational programs to celebrate “A Universe of Stories.” As always, the public is invited to Library programs. There is no registration required and no additional costs to participate.

Participants will receive a special gift (quantities are limited).
