Expand your music collection by downloading free MP3 songs with your library card.

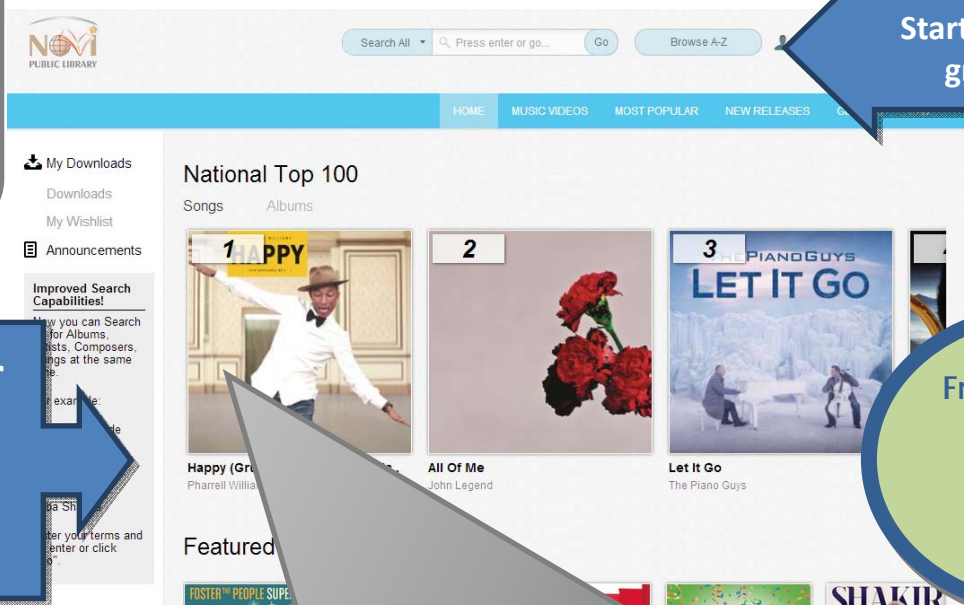

Get started by going to www.sanlib.org, click on the **eShelf** button and then click on the **Freegal Music** link.

Each NPL cardholder is eligible for 5 MP3 downloads per week. The count is reset every Monday at 12:01 a.m.

Sign in with your library card number (no spaces) and PIN.

Start Searching for great music!

Most popular downloads listed on the home page.

Freegal works with both Macs and PCs!

Before committing to a download, you may preview a song by listening to a 30-second music clip.

Once a song has been selected, click **here** and then select **Download Now**.

At the prompt, select **SAVE AS** and choose the location to save the file. If you just select 'save' it may be found in Recent Downloads.

Please Note: Anytime you click the "Download Now" link, even if you decide to cancel it, the download will count towards your weekly allotment.

However, if you have trouble during the download, **Freegal** allows you to re-download songs again through the 'My Downloads' section, without using up one of your weekly downloads. You have 2 attempts for each song.

From Windows Media Player/iTunes the MP3 can be transferred to your device from your computer.

You can download music directly to your Tablet or Smartphone device through the Freegal app!

To get the Freegal app:

Go to your app store on your device ([iTunes App Store](#) for Apple. [Google Play Store](#) for Android) and search for **Freegal Music**. Then:

1. Install the app.
2. Find your library by entering your zipcode.
3. Select your library from the list.
4. Enter your library barcode number and PIN.
5. Search and then download your free music. Enjoy!

TIP: If you want to listen to the downloaded music on multiple devices (For example, Apple devices will only play the free MP3s through the Freegal app), use a computer to re-download your songs from Freegal Music and then transfer them to iTunes, other devices, or burn to a CD. They are yours to Keep!
